## GENERAL INFORMATION

### **EDUCATIONAL COUNSELING AND DISABILITIES SERVICES OFFICE (ECDS)**

#### **CAREER RESOURCES AT FSU**

A Ferris State University career-oriented education is complemented by comprehensive educational planning, career counseling, and disability classroom accommodations available from the Educational Counseling and Disabilities Services (ECDS) office which is staffed with licensed counselors. The ECDS is located on the third floor of the Starr Building in room 313 and provides a wide range of services for FSU students. See <http://www.ferris.edu/HTMLS/colleges/university/eccc/ecds/homepage.htm> for more details about the services and programming offered.

#### **EDUCATIONAL COUNSELING**

In addition to providing academic counseling, educational counselors in Educational Counseling and Disabilities Services (ECDS), help students to identify and overcome obstacles to their academic success through the identification of both learning preferences and an individual's approach to the college learning experience. See <http://www.ferris.edu/HTMLS/colleges/university/eccc/educational.htm> for more information.

#### **CAREER COUNSELING**

ECDS also offers assistance in making career choices. While finding the right career depends on several factors, two strong influences are personality and interests. Students can receive information in these areas by completing the Myers-Briggs Type Indicator and the Strong Interest Inventory assessments through the ECDS. A licensed counselor interprets the results with the student and provides information on careers that are aligned with the individual's personality, interests, values, and skills. See <http://www.ferris.edu/HTMLS/colleges/university/eccc/career.htm> for more information.

#### **DISABILITIES SERVICES**

Disabilities Services serves and advocates for students with disabilities, empowering them for self-reliance and independence while promoting equal access to educational opportunities and programs. To receive classroom accommodations, students are required to provide documentation of their disability which is reviewed on a case-by-case basis. See <http://www.ferris.edu/HTMLS/colleges/university/disability/homepage.htm> for more information.

## **CENTER FOR LATIN@ STUDIES**

FLITE opened on March 12, 2001, as a premier research facility integrating modern technology with traditional information resources. Designed for flexibility and versatility, FLITE continues to adapt to the advancing digital age. The Library houses 195 public computers (185 PCs and ten Macs, including a Mac Design Center of eight computers loaded with design software), approximately 1,000 ports for laptop access and future expansion, wireless connectivity, seating for 1,300 visitors, and 54 individual and group study rooms. Among its customer service attributes, FLITE contains an extended-hours study area, a family study room for visitors accompanied by children, and vended beverages and snacks. Students using FLITE have access to laptop computers and scanners. An assistive-technologies laboratory facilitates the learning and research of students requiring special accommodations.

FLITE serves as a gateway to a variety of information resources available both on-site and off-campus in print and digital formats. FLITE houses a collection of more than 250,000 print volumes and provides access to online databases, reference resources, and more than 70,000 electronic journals, newspapers, and magazines. FLITE is a Federal Depository Library for U.S. Government Documents and a Patent and Trademark Depository Library. The Library's online catalogs and digital resources are available through the FLITE website at <http://www.ferris.edu/library/>. Interlibrary loan and document delivery services are offered to all faculty, staff, and students, including distance-education students, allowing users access to an immeasurable number of additional resources. Faculty, staff, and students can receive help using these resources by phone, email, or real-time chat reference service, submitting electronic forms via the website, or in-person at FLITE's Oval Information Desk. Students and faculty can also request reference and research assistance from subject-specialist librarians. Faculty can also search and reserve titles in the "Media Booking" collection, which includes media resources for in-classroom use.

FLITE takes full advantage of advanced technologies to expand opportunities for teaching and learning. The Library contains four instructional studios equipped with 20 to 30 computer stations, an instructor's workstation, sound and projection equipment, TV/VCR, and DVD player. All instructional studios are "smart classrooms" and include a docucam. Additional equipment such as smart boards, laptop computers, and wireless microphones are available upon request. The instructional studios allow librarians and other faculty to teach the information-seeking and critical-thinking skills necessary to evaluate information resources. The information literacy program starts with the basics in the Ferris State University Seminar (FSUS) courses and provides instruction in library use and research to classes upon request of instructors. Additionally, FLITE has six seminar rooms of various sizes to accommodate library instruction classes, meetings, and professional development activities.

The FSU Media Production unit is also housed in FLITE. Media Production provides assistance to faculty, staff, and students in the design, development, implementation, and distribution of media-related resources in support of Ferris instruction and activities. Activities range from videography to graphic design and production to creating DVDs from slide collections. FLITE also houses the Faculty Center for Teaching and Learning, the Jim Crow Museum of Racist Memorabilia, and the Office for Multicultural Student Services.

## **HOUSING & RESIDENCE LIFE**

Living on campus has proven to foster student engagement and improve overall student success. Ferris State University on-campus housing provides environments that are clean, comfortable, safe and conducive to supporting the academic mission of the University. More specifically, living in the residence halls enhances and completes the learning that occurs at the University.

Student growth is enhanced through exposure to other points of view, experiencing diverse populations and learning to live interdependently in a community of peers. Living with others helps residents develop coping skills and experiment with responsible decision-making in a safe environment.

A variety of housing and dining options allows students the opportunity to create the environment in which they feel most comfortable. Amenities include wired and wireless internet connections in each residence hall, a choice of double or private rooms, health, wellness and substance-free living, the first-year experience and many other themed housing options. Cable television, available in every room, includes HD and movie channels. Washers and dryers are located on virtually every floor, mail is delivered to each residence hall, and residence halls are equipped to provide a feel of home with such items as board games, large screen televisions, overstuffed furniture and hall-sponsored activities.

Living in the residence halls is an educational endeavor. Staff provide social and educational programming aimed at building cohesive communities on each floor. While hall staff are in place to assist in maintaining community standards, residents are reminded that maintaining community standards is a shared responsibility.

The university apartment community consists of the west campus townhouses and the south campus apartment complexes. The west campus complex has 150 two-bedroom and 50 three-bedroom unfurnished townhouses which are designed to provide a neighborhood atmosphere for families and single students alike.

The south campus apartment complex consists of 88 traditional one-and two-bedroom units. They are designed for single students and have laundry facilities in each building.

The East Campus Suites are neither residence halls nor apartments. Rather, this new style of on-campus housing combines the best of both worlds. Each of the three 3-story buildings is home to 100 students. Exterior doors are locked 24/7 utilizing the same card swipe access and blue light/call box phone security system as our residence halls. Each building houses 24 4-bedroom suites and 2 2-bedroom suites. Every student has their own furnished bedroom and shares a full bathroom with one other student. A furnished living room and full kitchen complement the feeling of home each suite provides. With amenities such as air conditioning, garbage disposal, wireless connectivity, campus cable television and more, the suites are sure to be a campus favorite for generations to come.

Fully accessible residence halls, townhouses and suites are available for students with special needs. Learn more of what the Office of Housing & Residence Life has to offer on line at <http://www.ferris.edu/housing>.

## GENERAL INFORMATION

### **INFORMATION TECHNOLOGY SERVICES**

The Information Technology Services (ITS) department takes care of the computing needs of the university community. The Technology Assistance Center (TAC) is the first point of contact for students, faculty, staff and others associated with the university to get computer help. Customers can contact TAC via phone, chat, or email; or look for answers on university standard hardware, software, and systems on our web site ([www.ferris.edu/techsupport](http://www.ferris.edu/techsupport)). The TAC handles approximately 33,000 work orders a year.

To support the educational process, the ITS manages the software and hardware on roughly 4,250 university-owned computer stations located in classrooms, public access labs, and faculty/staff offices. Many of the classrooms also have specialized equipment to aid instruction such as digital projectors, student feedback systems (“clickers”), and multimedia playback and recording systems.

Information Technology Services maintains over 220 servers to run the business of the university community. The main systems include FerrisConnect, the on-line learning/course management system; MyFSU, the campus portal system; and Banner, the university records system. FerrisConnect hosts fully online courses for students all over the world, and provides the tools to enhance student learning and assessment for many on-campus courses as well.

Computers all across campus can access the internet and other university services via the high-speed network. Wired and/or wireless access is available in most places on campus, with each of the 3,000 residence hall rooms and campus apartments having at least one wired network jack. ITS also maintains the cable, emergency management, and phone services for the university.

Students, faculty and staff can get repairs on their personally owned computers for a nominal charge, and purchase select Microsoft, Adobe, and AutoCAD titles for personal use at significantly reduced prices through the Student Technology Services department, located in the West building. Students can have their computers set up to connect to the network for no charge at the start of fall semester via the iConnect program.

### **INTRAMURAL AND RECREATIONAL SPORTS**

Annually, more than half of the student body participates in organized recreational sports activities, including extensive intramural and club-sport programs. Each institution shares a dedication to educational excellence and innovation coupled with practical application. As partners, the two institutions will build upon and expand the unique educational opportunities they offer in world-class programs in art, design, and technology.

As a college within Ferris State University, Kendall College of Art and Design prepares students for leadership in the visual arts, design, art history, and art education; provides innovative, collaborative education that fosters intellectual growth and individual creativity; and promotes awareness of ethical and civic responsibilities of artists and designers, locally and globally.

The division of Student Affairs provides a variety of services for students through the following departments: Birkam Health Center, Career Services, Personal Counseling Center, Enrollment Services, Office of Multicultural Student Services, Rankin Student Center, Student Leadership & Activities, Student Conduct, Student Life, and University Recreation. All of these departments work with students to enhance their university experience.

### **STUDENT EMPLOYMENT**

The Student Employment Office is located in the Timme Center for Student Services. Our goal is to assist students in finding part-time employment that will provide income while attending Ferris as well as help them learn transitional skills that will benefit them upon graduation. There are over 2,000 student employees on campus every year. In addition to helping students find jobs on campus we offer off-campus job postings for area businesses. We participate in the Federal Community Service Work Study program that allows students to work in community-based positions in the area such as the local food pantry, working as a reading tutor for local students, or the local recycling center. Students may also sign up for the Quick Cash program that puts them in touch with local residents who are looking to hire students for odd jobs such as yard work, painting, etc. More information on Student Employment can be found on our web page

<http://www.ferris.edu/HTMLS/admision/financialaid/employment/index.htm>

Having a part-time job while going to school is a great way to interact with others, learn valuable job skills and earn some spending money so you can keep your student loans to a minimum!

### **STUDENT LEADERSHIP & ACTIVITIES**

The Office of Student Leadership & Activities helps students use and grow their skills through campus and community involvement. To keep students involved and connected to the university, there are more than 220 registered student organizations (RSOs), including sports clubs, Greek-letter organizations, spiritual groups, academic societies and professional associations. Inside the Student Leadership & Activities office, the Student Volunteer Center works hard to refer thousands of Ferris students and community members each year to area agencies seeking volunteers. Through involvement and by attending a variety of leadership programs, this office provides students marketable skills to add to their Co-Curricular Transcript (CCT). Using OrgSync, the CCT can be formally printed for students to offer an employer during their job search. This gives Ferris State students an advantage in today's competitive economy.

In addition, the Student Leadership and Activities office is actively involved in planning Bulldog Beginnings, Bulldog Bonanza, Homecoming, 5 Star speaker series, Torchbearer Awards and much more. The office is located in the Rankin Student Center, Room 164, and is open M-F 8am – 5pm. OrgSync is available to all students by logging in to MyFSU and clicking on the OrgSync icon.

Ferris graduates gain immediate status as recognized technical leaders. This innovative program provides students with a background that includes topics such as processing, material testing and properties, and mold and product design. Classes emphasize hands-on learning, using the same type of equipment that is currently used in industry. The Plastics building was expanded in 1998, and renamed the "National Elastomer Center" to include educational space for the new Rubber degrees. The Rubber program is a unique educational experience with graduates being sought after by the rubber industry. Coursework follows the original plastics degree in processing, testing, and design but also includes rubber compounding. The plastics and rubber industry has shown support for the Ferris programs by sponsoring the construction of the Plastics Building in 1987 and the expansion in 1998 with funding for equipment and supplies, providing job experience by employing our students for summer internships and finally hiring our graduates.

**Pharmacy Building (1972)** - Designed to house all on-campus operations of the College of Pharmacy, this building includes specialized laboratories and the model pharmacy as well as an antique pharmacy exhibit.

**Presidential Art Collection (1996)** - Daniel Roache was chosen as the first contributor for a collection featuring commissioned works by Michigan artists honoring Ferris presidents. His aluminum, wall-mounted sculpture representing the seven (at that time) academic colleges hangs in the Williams Auditorium lobby. A bronze bust of President Byron Brophy by Midland sculptors James S. Hopfensperger and Joan Hopfensperger-Most was dedicated on April 30, 1999. It is on display in the Ferris Library for Information, Technology, and Education (FLITE).

**Racquet Facility (acquired in 1980)** - The facility offers 4 indoor tennis courts, 10 outdoor hard courts, 2 outdoor clay courts, 3 indoor racquetball courts, cardiovascular and free-weight equipment, aerobic and fitness classes, tanning booths, tennis lessons, clinics and league programs, interactive Sportwall, rental equipment and a full-service tennis pro shop. This facility serves intercollegiate athletes, the club tennis team, faculty/staff, students, the general public and as a laboratory for the Professional Tennis Management program.

## GENERAL INFORMATION

**Rankin Center** (1957) - Considered the “campus living room,” the Rankin Center is the center of student campus activities. The Student Center provides a wide variety of services and activities to meet the interest and needs of students, faculty, staff and guests of the university. Among the activities available are billiards, table tennis, and video games. Also offered are a television lounge, computers, information center, Quizno’s Subs, Westview Student Dining, James L. Lundberg Bookstore, fine arts gallery, First Lady's Attic, and a variety of conference rooms. Offices for student organizations include The Student Government of FSU, Entertainment Unlimited (programming board), S.E.R.V. - Veteran's Association, and The Torch (student newspaper). On the administrative side, there are offices for Student Affairs, Career Services, Dean of Students, Student Activities, Catering Services, Student Center and Student Technology Services.

**Science Building** (1956) - Remodeled and expanded in 1967 and completely renovated in 1997, this building provides teaching auditoria, classrooms, and science laboratories for the College of Arts and Sciences, as well as the Rawlinson Observatory, John and Rhea Smith Greenhouse, and Reitz Reading Room.

**Starr Building** (1961) - Completely renovated in 1995, students now enjoy new furnishings, state-of-the-art instructional equipment, multimedia labs, study rooms and lounges in the Starr Building. It is FSU's largest general classroom building and houses the Educational Counseling and Disabilities Services office and Williams Auditorium, where dozens of live performances and special events are offered each year.

**Student Convocation Center/Wink Arena** (1999) - This 42,000 square foot facility, located adjacent to the Ewigleben Ice Arena, seats 2,400, and includes prime sections of chair-back seating. The building complex features an expanded lobby that adjoins the Ice Arena with a pro shop, concession stands, and a display for the Bulldog Hall of Fame. This center serves as the home for the FSU men's and women's basketball programs, and is also used for commencement exercises, major concerts, and special events.

**Student Recreation Center** (1998) - The former HPE/Wink Arena building was remodeled and reopened August 30, 1998. The facility gives students, faculty, staff, and community members a modern gymnasium, weight room, aerobic rooms, exercise machines, elevated track, 40-foot climbing wall, and indoor swimming pool.

**Swan Technical Center** (1966) - This building contains many classrooms and laboratories designed specifically for engineering and engineering-technology instruction. The building also contains the administrative offices of several College of Engineering Technology programs.

**Timme Center for Student Services (CSS) (1967) (Renovated 2002)** - As the official “welcome center” for the university, the Timme Center for Student Services (CSS) serves as a one-stop service center in which students can register for classes, obtain financial aid and housing information, request transcripts, pay bills, and inquire about student employment opportunities. Highlights of Timme CSS include a glass atrium that extends the full height of the eastern side of the building and a second atrium facing State Street, providing natural sunlight and openness for the building. Formerly the campus library, the Timme CSS is a place of diversity, art, history and service. The first floor houses the Financial Aid, Business, and Student Employment offices; the offices of Admissions and Records, Enrollment Services, Academic Senate, & Institutional Research are on the second floor. The third floor features a display of Ferris historical memorabilia, as well as houses the offices of the President, Provost & Vice President for Academic Affairs, Vice President for Student Affairs, Vice President for Diversity and Inclusion, Budgetary Planning and Analysis, and Testing. The carefully chosen combination of offices and services provides a wonderful welcome to all constituents in the middle of campus.

**Tot's Place (instituted 1987)** - Located on the first floor of Bishop Hall, Tot's Place Child Development Center is a full service child care center providing educational programs for children of FSU students, faculty/staff, and the surrounding community. Tot's Place also serves as a laboratory for many FSU academic programs.

**Victor F. Spathelf Center for Allied Health (1979)** - This four-level structure contains the specialized classrooms, laboratories and offices for the students, faculty and administration of the College of Health Professions.
